

COMPANY BACKGROUND – HYPERMAX COOLING SERVICES

Who We Are

HYPERMAX COOLING SERVICES was formed in 2010 and is one of the fast growing Air Conditioning and Mechanical Ventilation firm in Kenya, with its headquarters off Mombasa Road at Imara Daima, Nairobi.

The Company's mechanical activities relate to sectors such as Repairs and Maintenance, Supply and Installation of quality- air conditioning for heating and cooling, ventilation, refrigeration and the dehumidification of indoor air for thermal comfort in:

- Low-Rise Residential buildings, including family houses, duplexes, simplexes, granny flats, estate and retirement homes and small apartment buildings
- High-Rise Residential buildings, such as tall dormitories and apartment blocks,
- Retail shops, those requiring refrigeration equipment for product purposes,
- Recreational, caravans, mobile homes and boats, night clubs and gyms, etc.
- Commercial buildings, which are built for commerce, including offices, malls, banking institutions, pharmacies, shopping centres, restaurants, hotels and B&B's, data centres & server rooms, airports, etc.
- Institutional buildings, which includes hospitals wards, clinics, laboratories, governmental buildings, academic institutions universities, training centres and schools, churches and places of worship
- Industrial spaces such as warehouses and factories where thermal comfort of workers is desired and cooling of equipment is required

We have created partnerships with great and respected brands which are committed to offering the most innovative and economic mechanical ventilation services and solutions to its customers.

Excellence in key areas means superior services to all of Hypermax Cooling Services clients. With the depth of knowledge and expertise of our strategic Mechanical Ventilation and Air Conditioning Contractors and partners, we offer quality service and productions to our customers and we believe companies rely on longstanding engineered expertise for their exclusive business needs. With this in mind, Hypermax Cooling Services is proactive and on top
